Yes. This next meeting we are planning will be in the evening. However, in our effort to reach new audiences, we may want to try having one during the day and/or a Saturday meeting. Maybe something to consider for a later meeting.

Mike Johnson

Elaine,
Are we assuming evening meetings? If they are daytime, March 19th & April 9th are both board days (11:30am-3pm), but both April 2 & 4 are open at this point during work hours. All 4 evenings are open for me.

Sincerely,

Lisa M. King, RLA, CPRP

Happy New Year! Peachy Keen in 2019.

Tony, Thanks for your quick work on getting optional dates for our spring public meeting.

All,

We drafted several presentation items for the spring public meeting at our Dec. 13 meeting. We will finalize a plan once we pick a date :

1. An overview of Phase II by US EPA (20 minutes)
2. SHPO Historic Public Input Requirements by Megan Shaeffer (45 minutes)
3. A review of the completed HEC RAS by Arcadis (20 minutes)
4. Announcements about and from Stakeholders (10 minutes)

I have a meeting with Mike on Jan 14. (I am out of town next week). We will discuss this at that time. I like the April dates. Early spring. Not yet competition for all of the 2019 stuff. But an opportunity to publicize it.

Any of these dates out for the rest of you?

Tuesday March 19
Tuesday April 2

Thursday April 4
Tuesday April 9

Thank you!

Subject: Gorge Dam Public Meeting

Hi Elaine!

I checked with the Natatorium about available dates for a public meeting during the last couple of weeks in March/first couple of weeks in April. Here are the dates available:

Tuesday March 19

Thursday March 28

Tuesday April 2

Thursday April 4

Tuesday April 9

Please let me know what date looks good for me to reserve. These rooms get booked up fast so let me know an alternate date as well.

If none of these work there are additional dates later in April we can use.

Thanks, and have a great weekend!
